DATASYS BATS 9 FOR 9 FOR PRESIDENT'S CLUB RECOGNITION FROM MICROSOFT BUSINESS SOLUTIONS

Marlborough, MA — July 1, 2004 — For the ninth consecutive year, DataSys Corporation has received recognition from Microsoft Business Solutions for outstanding customer commitment and sales achievement. The Microsoft Business Solutions President's Club honors Microsoft Great Plains partners whose commitment to clients is reflected in their business performance and high level of sales achievement.

"We're very pleased to recognize your ongoing commitment to Microsoft Business Solutions... Your diligence and business success during a year of much change and market uncertainty has earned you membership in this prestigious group," wrote Margo Day, vice president of the US Partner Group.

"DataSys is proud of having achieved the President's Club award for each year that we have been implementing Microsoft Great Plains financial systems," according to Lisa Daigle, president. "And I'm proud of all the DataSys team members who make it possible through hard work, dedication, technical expertise, and above all, an understanding that we only win when our customers are satisfied and when the solutions we provide them meet their needs."

DataSys Corporation delivers comprehensive financial and business management solutions to its customers throughout New England. Focusing exclusively on Microsoft Great Plains Business Solutions, DataSys works with clients to assess their financial and business management needs, and to implement solutions that streamline processes and improve access to mission-critical information—in short, to attain their objectives. The broad suite of Great Plains software applications available for integrated, end-to-end solutions includes core financials, human resources, payroll, project accounting, distribution, warehouse management, manufacturing, e-business, and tools for reporting, integration, and customization.

About DataSys Corporation

DataSys Corporation delivers comprehensive financial and business management solutions to its customers. Founded in 1981 and headquartered in Marlborough, Massachusetts, DataSys works with customers to assess their financial and business system objectives and to implement solutions that will improve access to mission-critical information, streamline business processes, and integrate systems with the Great Plains financial application. With more than 150 customers in New England, DataSys has experience working in a broad range of industries, including finance, high-tech, manufacturing and distribution, nonprofit, healthcare, life sciences, and retail and service providers. DataSys employs a full-time, certified team of consultants for installation, training, project management, and development, as well as dedicated sales, customer relations, and marketing support staff. DataSys Corporation is a Microsoft Certified Business Solutions Partner. www.DataSysCorp.com
