

# Microsoft Teamwork Award Press Release

## DataSys Attains Microsoft Business Solutions Fourth-Quarter Teamwork Award

*DataSys Brings Partners Together for Customer Success*

**Marlborough, MA — August 11, 2005** — Microsoft named DataSys Corporation a winner of a Microsoft New England Partner Quarterly Awards. DataSys received the Teamwork Award in recognition of its initiatives to encourage collaboration with multiple partners to develop solutions that help customers utilize technology to realize their full potential.

"It's an honor to receive the recognition and to be among the select few that is honored by Microsoft," says Lisa Daigle, President, DataSys Corporation. "It's rewarding to forge the right partnerships and manage relationships in everyone's best interests. We recognize the importance of specializing, yet we are flexible and work well with other organizations that offer complementary services or bring expertise to the table. Plus, we make smart decisions and know how to execute in complex environments."

DataSys often supports its clients with the kind of teamwork that earned DataSys this award. For example, DataSys is helping one customer implement Great Plains along with components of the Radio Beacon warehouse management solution to automate distribution of its health and fitness products. According to DataSys' president, Lisa Daigle, "We coordinated several relationships to ensure that the customer was purchasing the right mix of products and services to meet its goals."

DataSys has earned numerous awards, including Microsoft's coveted Pinnacle Award for Innovation and Pinnacle Award for Excellent in Specialized Applications. Additionally, DataSys has been a member of Microsoft's President's Club for ten straight years, which demonstrates an ongoing commitment to teamwork amongst customers, DataSys staff members, and Microsoft.

### **About DataSys Corporation**

DataSys Corporation, a Microsoft Certified Business Solutions Partner specializing in the implementation of Great Plains software, helps midmarket companies meet their objectives by improving access to mission-critical information. For over ten years, DataSys has built long-term productive relationships that benefit from a deep understanding of its clients' business and cumulative years of experience with Great Plains software. DataSys harnesses the power of Great Plains' functionality, reporting, integration, and customization capabilities to deliver a comprehensive business management solution that expedites core financials, human resources, payroll, project accounting, distribution, warehouse management, and e-business.
