

## News from DataSys

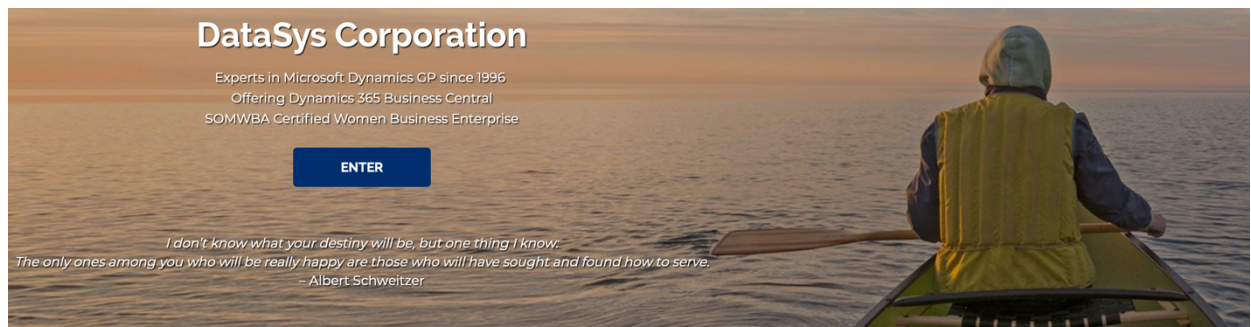

For immediate release

### DataSys Begins 25<sup>th</sup> Year of Business

Boxboro, Mass. – January 1, 2020

*Time flies when you're having fun* could be one of DataSys' mantras, but instead, a quote by Albert Schweitzer on DataSys' home page best reflects the DNA of our culture: *I don't know what your destiny will be, but one thing I know: The only ones among you who will be really happy are those who have sought and found how to serve.*

From the outset, DataSys has sought to build effective and authentic relationship with customers and business partners. We treat every customer's business as if it were our own, which is to say that we make thoughtful and thorough decisions in the customer's best interest. We limit our engagements to those industries where we understand business challenges and needs for efficiency, and would refer a potential customer to an outside colleague if that best served the company's interest.

Says Lisa Daigle, Founder and President, "I am proud of our many accomplishments, especially the opportunity to work alongside employees who have dedicated more than 20 years of their career to DataSys."

We look forward to serving customers well into the future.
